enduring technology
for those who serve
our nation.**

Who We Are

Cloud7Works is an 8(a) Certified, Woman-Owned Small Business Delivering Premier IT Services to Federal Government Clients Since 2009.

UEI#: X3YEDNACC4K5

CAGE Code: 7S1M9

GSA MAS Schedule: 47QTCA18D001D **NAICS:**
541511, 541512, 518210, 541519, 541513

Socio Economic Status: SB, 8(a)

Contract Vehicles: GSA MAS, eFAST,

Product Support: Discovery, Zoom, Vaadin

Our Capabilities

Enterprise Architecture

- Architecture Assessment & Gap Analysis
- Information Architecture
- Application Architecture
- Technology & Security Architecture
- Transformation & Modernization Planning
- Enterprise Architecture Tools & Frameworks

AI Services

- AI Readiness & Strategy
- Secure AI Architecture & Design
- AI/ML Development & Integration
- Intelligent Automation & Analytics
- NLP & Predictive Insights

Application Development & Modernization

- Legacy System Modernization
- Custom Application Development
- Agile Development
- Application Migration
- Application Integration
- Automated Testing and Security Enhancements

Cloud Services

- Cloud Consulting
- Cloud Migration
- Cloud Deployment and Integration
- Cloud Security
- Cloud Development
- Cloud Automation and Orchestration

Cyber Security Services

- Zero Trust Architecture
- Authority to Operate (ATO)
- Disaster Recovery (DR)
- Security Assessment
- Application Security
- Network Security

Project Management

- Agile Project Management Support Task Order Management
- Risk Management
- Quality & Change Management Resource Management
- IT Acquisition Lifecycle Management Services

Health and Human Services (HHS)

Provide Azure System Sustainability, Zero Trust Design and Acquisition Support

Contract# 75P00123C00044; **Prime Contractor**

Period of Performance: 09/26/2023 – 09/26/2025

Rating: # Very Good

- Providing Microsoft Azure System Sustainability to Comply with Zero Trust Architecture and Improve Nations Cyber Security
- Modernizing existing SFTP to an API based architecture in MS Azure and supporting other Government Partners. Addressing Plan of Action and Milestones (POA&Ms) and obtaining an Authority to Operate (ATO)
- Implementing Disaster Recovery for MS Azure System Providing Zero Trust & Capability Assessment

Department of Interior (DOI) - USGS

Enterprise Architecture Support Services Contract#

140G0121A0001; **Prime Contractor** **Period of**

Performance: 03/12/2021– 03/15/2023

Rating: # Very Good

- Enterprise Architecture Support Services Contract# 140G0121A0001; Prime Contractor Period of Performance: 03/12/2021– 03/15/2023
- Developed TOGAF-based Enterprise Architecture & Cloud-first Roadmap for U.S. Volcano System Center & Observatories
- Completed detailed Architecture assessment for Cascade Volcano Observatory
- Designed Business, Infrastructure, Data, Security, Application, & Disaster Recovery Architectures Designed DMZ integrating Zero Trust, Cloud Smart, & Data Center Optimization
- Provided Data Center Services & Tech Refresh for Water Mission Area's new infrastructure

Architecture and Development Support Services

Contract# 140G0124A0017; **Prime Contractor** **Period**

of Performance: 08/01/2024-08/01/2027

- We will be providing Enterprise Architecture and Development Support Services for USGS

Peace Corps

eDiscovery Platform FedRAMP Software as a Service (SaaS)

Contract# 1145PC24F0515; **Prime Contractor**

Period of Performance: 06/04/2024 – 06/04/ 2029

- Employing EverLaw SAAS to provide eDiscovery Services to Peace Corps
- Providing project management, user onboarding, facilitating Authority to Operate (ATO), and supplying FedRAMP documentation

United States Navy - NRC

Commercial Zoom License

Contract# N0018924PZ290; **Prime Contractor** **Period**

of Performance: 06/20/2024 - 09/06/2026

- Provision Zoom Licenses for Naval Recruiting Command

Selective Service System (SSS)

RCV Cloud Refactoring System Modernization

Contract# 90MC0023P0041; **Prime Contractor**

Period of Performance: 07/24/2023-09/19/2025

- Modernizing legacy .NET applications to AWS
- Migrating databases to AWS
- Analyzing user experience and modernizing user interfaces to ReactJS
- Implementing Infrastructure as Code, microservices, DevSecOps, cloud SOP, test automation, and deployment within the AWS environment
- Providing AWS cloud hosting for the SSS Agency
- Establishing disaster recovery on AWS for migrated applications
- Delivering ATO, creating standard operating procedures for security and applications, and defining KPIs for the deployed system.

Department of Homeland Security (DHS) FEMA

EMIS Request for Sustainment & Development

Contract# 70FA3123F00000032; **Prime Contractor** - 7ISG 100% Owned by Cloud7Works

Period of Performance: 04/01/2023 – 08/04/2024

- Helpdesk Operational and Engineering Technical services support
- Application Maintenance, Security Compliance, & Surge Support
- Application Development & Integration
- Modernization of legacy system to Micro Services System Provide engineering and testing services and environments

EMIS - Subcontractor

Period of Performance: 03/01/2020 – 04/20/2022

- E.A. using FEAF, App Rationalization, Cloud Readiness Assessment, & Tier 2- Help desk support

United States House of Representatives (HOR)

Project: Container Platform Architecture Assessment

Contract# PM-0000078569; **Prime Contractor**

Period of Performance: 09/07/2022 – 06/06/2023

- Delivered a modernized multi-tenant architecture with process improvements
- Assessed and defined Target State for data center, Cloud, Security, Storage, DevOps, Kubernetes/Docker for HOR

Administrative Office of US Courts (AOUSC)

Project: Appellate Legacy Application Assessment

CM/ECF ; Prime Contractor **Period of Performance:**

09/30/2020 – 12/9/2020

- Modernized case management system; Assessed and defined Target State for CM/ECF
- Transformed Java Swing app to Spring
